

BE PURCHASE READY

Make a confident offer on your dream home with a pre-approval from Meritrust.

The housing market moves fast. A pre-approval from Meritrust will give you the confidence you need when you are ready to put an offer on your dream home.

Not all pre-approvals are created equal.

One of the best-kept secrets about my team at Meritrust is our common-sense approach to underwriting loans. We streamline the process by involving fewer people in the process and underwriting files upfront. This means your contract won't fall through at the last minute.

Let's get moving.
